

# Event Management

integrates with 

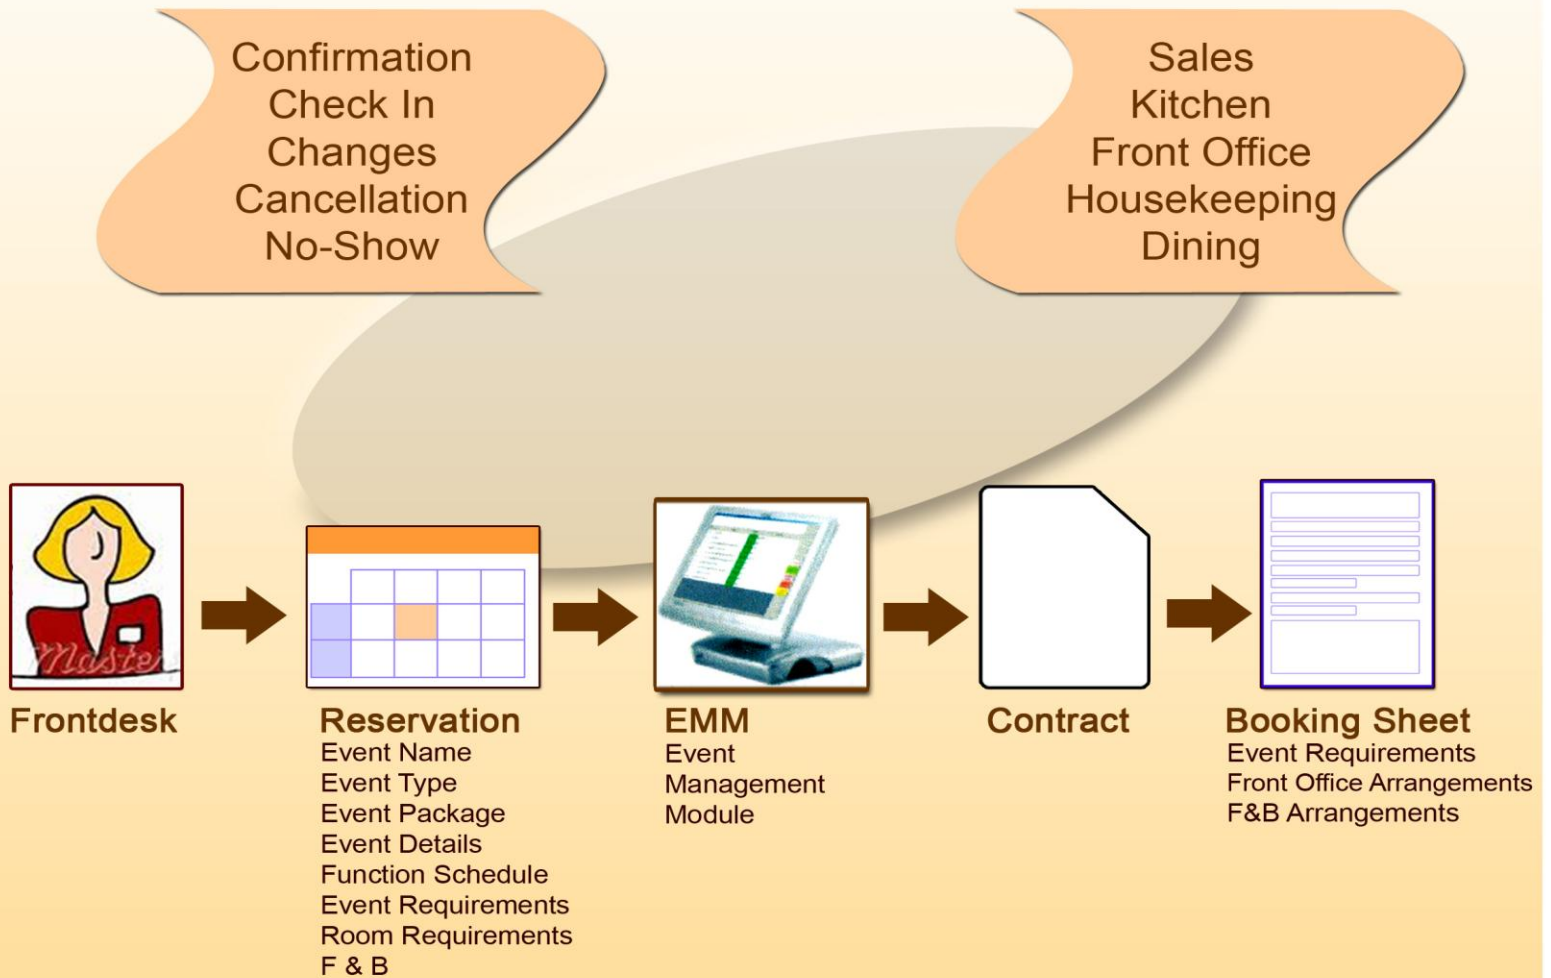

**Event Management** Module is an add-on feature of Folio+ System. It enables you to manage group bookings on events like seminars, conferences, trade shows, or even weddings and debuts. In just few clicks, your sales personnel should be able to customize and cater the guest's requirements such as conference room facilities, participants' room preferences, food menu and other physical arrangements. This module also allows easy configuration of pre-set package inclusions, standard pricing including event contract preparation.

- Shows plotting of function rooms in a calendar-type display for ease of look-up.
- Quick and easy blocking of rooms of conference' participants including their dependents.
- Convenient way of configuring pre-set event packages.
- Automates computation of event cost and preparation of event contract
- Generates report per sales executive.
- Generates sales report per Sales Executive.

# System Overview

## System Requirement
